Deputy Supervisor Heath noted that Supervisor Crossley commented that we need to narrow it down to reconstruction of the top floor or expansion of the Town Hall from first floor.

Councilman Swan suggested having a public hearing to see what the town resident's opinions would be on consolidation, new construction or reconstruction of the current building. Larry Barmore suggested moving the court room upstairs for space downstairs and for the Clerk's records. The town board discussed ideas and organizations that may have available grant money. After discussion, the Town Clerk said she would check into whom Supervisor Crossley has contacted and she would check into grants available as well and at the next board meeting they will try to bring in quotes for everything and if possible have an architect break down what and how much it would cost to reconstruct the Town Hall.

The meeting adjourned at 5:38 PM.
